Sarah Wilmers named a “Five Star Professional”

CINCINNATI, Ohio (May 20, 2011) – The July issue of Cincinnati Magazine identifies Sarah Wilmers of Robinson Sotheby's International Realty as the recipient of the 'Five Star Professional Award' by the organization of the same name. This award goes to service professionals who scored highest in overall satisfaction based on feedback from clients, peers and regulatory sources.

Five Star Professional sends questionnaires to consumers to evaluate professionals with whom they have had experience in the past year. Categories include wealth managers, real estate professionals, mortgage representatives, home and auto insurance professionals and employee benefit professionals

Says Sarah: “I am honored for having received this award mostly because of the fact that it's based on consumer feedback. I was involved in over 60 real estate transactions in 2010. Many of them were quite complicated, as one might imagine given the condition of the real estate market. I'm happy that clients I interacted with took the time to positively evaluate my service.”

Five Star Professional was founded in 2005 and is based in Minneapolis, Minnesota.
