### **Tim Hinde named a "Five Star Professional"**

**CINCINNATI, Ohio (June 15, 2011)** – The Spring issue of Cincinnati Magazine identified Tim Hinde of Robinson Sotheby's International Realty as the recipient of the "Five Star Professional Award" by the organization of the same name. This award goes to service professionals who scored highest in overall satisfaction based upon feedback from clients, peers and regulatory sources.

Five Star Professional sends questionnaires to consumers to evaluate professionals with whom they have had experience in the past year. Categories include wealth managers, real estate professionals, mortgage representatives, home and auto insurance professionals and employee benefit professionals. Less than 7% of real estate agents in the Greater Cincinnati area were named a 2011 Five Star Real Estate Agent.

Says Tim: *"The reason I like this award is because it means that my clients actually took the time to fill out a third party questionnaire from a company they have never heard of and rated my service highly. With so much upheaval in the real estate market these past few years, it's nice to know that consistent, quality representation is recognized by our clients."*

Five Star Professional was founded in 2005 and is based in Minneapolis, Minnesota.
